

MEMORANDUM

MICHIGAN
DEPARTMENT
OF PUBLIC
HEALTH

DATE: November 12, 1992
TO: Mary Beth Novy, U.S. EPA
FROM: ^{BTB} Brendan Boyle, MDPH

US EPA RECORDS CENTER REGION 5

471576

SUBJECT: Photos of Albion-Sheridan

As promised, enclosed is a set of the photos taken while we visited the Albion-Sheridan Site on 11/10/92. Five of the pictures are numbered on the back and make up two panoramic scenes. Placing 1 and 2 next to each other one another give a wide view of the Prater residence and 3-4-5 is a view from the top of the former tipping platform looking mostly south. The other photos have notes on the back for location.

If I didn't mention it on Tuesday, so I will bring up now, our interest in the residential well results for the area. When the results are available may we have a copy? We will not release or share any preliminary or draft material but will keep it for our own use.

I presume the Calhoun County Health department will be involved in the notification of the well owners when the results are available. If you would like our assistance as well, particularly our Water Supply Division, I am sure it can be arranged. I have requested a copy of the latest monitoring results for the Amberton Village supply and will be forwarding that to everyone who requested it, yourself included.

It was a pleasure meeting you, I am sure we will talk in the near future.

cc: John Hesse
